

5. Are there any sanctity of human life issues that you are already personally involved in trying to rectify? Are there any in which you might get involved in the future? What steps do you need to take in order to explore such involvement?

**Let's Pray:**

For our missionaries:

Pray for missionaries who work in sensitive areas of the world. We pray that the Gospel message is understood and many come to know the Lord.

# Growth Group Homework

For the week of 01-15-17

### Getting Started:

1. Identify several sanctity of human life issues from the news. Are there any of these that you are passionate about? Which ones and why?

### Digging Deeper:

2. There are eight verses listed in the outline above beneath point 1c. Look up each of those verses and note below the commands that you find there related to biblical justice.
3. What do you think? Are those commands addressed to everyone (the general public), or were they primarily directed at leaders (government, religious, judicial)? How would you support your answer?
4. What relationships are you in where you are in a position of authority or power that exceeds someone else? How could you use your power and position of influence to better serve others for Christ's kingdom?
