

6. 2:10 insists that God has given the Colosian believers “fullness in Christ.” What does “fullness in Christ” mean? It would help to do a quick survey study of the terms “full,” “fill,” “fulness,” etc., in Ephesians and Colossians (both letters were written by Paul back to back).

7. What are the application points Paul makes from this instruction (see positively 2:6-7, and negatively 2:8, 16-17)? How would Paul’s application points appropriately be applied to your own life?
